Parent child allocation factors

The **Human Resources survey** report submitted under this UnitID is a combined report that includes data for all the locations listed below. Because this is a combined report, you must provide allocation factors that indicate how the data should be distributed among all included institutions. Allocation factors are percents. The allocation factors you provide will be used to create derived variables for the IPEDS Peer Analysis System to allocate reported data to each component location.

Enter allocation factors in the spaces provided; use whole numbers only. Percents must add to 100%. You may not leave any cell blank. You will not be able to lock your data if this section is not completed.

Summary**Human Resources Component Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the [Data Center](#) and sent to your institution's CEO in November 2014.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.
